1853-W	Table of Contents (Cont.)	N/A	1796-W
1854-W	Table of Contents	N/A	1830-W

The sole purpose of this supplemental filing is to correct the proposed monthly service charge for a one 8-inch meter, two 2-inch meters battery from \$1,460 to \$1,600. The original Advice Letter 362 was filed on June 17, 2008. An original and four copies

of this advice letter is submitted in compliance with Ordering Paragraph No. 3 of D.08-06-022 in Application 07-07-003, dated June 12, 2008.

Purpose and Background

The purpose of this filing is to implement rates for Test Year 2008-2009 authorized by the Commission for the Los Angeles County and Fontana Water Company divisions in Decision No.08-06-022 dated June 12, 2008 in Application No.07-07-003, dated July 2, 2007. For Los Angeles County Division customers, the effect of these adopted rates increase the typical monthly bills of the typical residential customer (5/8" x 3/4" meter and 23 Ccf) by \$4.37 or 8.4% from \$51.68 to \$56.05. Overall, test year revenue requirements will be increased by \$3,885,500 or 8.1% as compared to existing rates. The effect on Fontana Water Company customers will be a slight reduction because of the \$0.006/Ccf surcredit. Finally, increased charges for returned checks and service reconnection have been authorized.

No workpapers or earnings tests are associated with this advice letter. No further public notice is required because all public notices in connection with Application No. 07-07-003 have already been made in accordance with applicable law and Commission rules.

San Gabriel requests that the attached proposed tariffs be made effective for service rendered on and after July 1, 2008.

Thank you for your assistance in processing this tariff filing.

San Gabriel Valley Water Company
